

Year 6 Curriculum Newsletter

Dear Parents and Carers,

We hope that you have had an enjoyable summer holiday - despite the unusual circumstances - and would like to welcome you to Year 6. We are very much looking forward to a happy and successful year. The children have returned smartly presented and eager to assume the responsibilities of Year 6 so thank you very much for facilitating this.

Our topic this term is 'Bright Sparks'. We will be focusing on the world of inventions and the remarkable inventors who have changed the world around us. We will look at some of the early inventions right up to modern day. There will also be a mini topic centred around the human body.

Our writing will be focused around our topic and class novel (Mortal Engines by Philip Reeve) which will provide plenty of stimuli for different tasks. Mathematics this term will focus on number, with an emphasis on place value and problem solving.

Staff

Adults working in Amazon class year are: myself with as well as learning support assistants: Ms Earl and Miss Readman. Our art specialist, Ms Virgin, will be teaching art sessions with Mrs Maver teaching a regular PE session when the flexible timetable settles in. Ms Earl will be continuing her French lesson with the class, usually on a Friday afternoon.

PE Lessons

PE days will occur twice weekly where the timetable allows and will usually be in the afternoon. We are currently not insisting that PE kit be worn in order to make things more manageable during the current situation.

Water bottles

Please ensure that your child has a *named* and *filled* water bottle in school every day. These are to be brought into school by the pupil and taken home again at the end of each day.

Homework

This half-term's homework will be given out shortly and along with the date for it to be completed by. It will also be available on the school's website if your child loses their task sheet. Please remember it is still vitally important for children in Year 6 to read every day. Further to this, please take every opportunity to allow your child opportunities to practise their maths passport targets, weekly spellings and handwriting.

Finally, we would like to take this opportunity to say how much we are looking forward to this very important year with your children and creating a fun, safe environment in which all pupils can learn and grow. Please do come and see us at the first opportunity with any concerns or queries you may have. We firmly believe that your child's education requires a partnership between home and school and we want to enable your child to achieve their very best.

Thank you.

Yours sincerely,

Mr. Davies
